Benjamin Franklin is Coming to Town!

Enjoy a historical evening of Dr. Franklin’s humor, wit, inventions, quips and stories, brought to life during an evening you will not soon forget. A renowned polymath, Franklin was a leading author, printer, political theorist, politician, free mason, postmaster, scientist, inventor, civic activist, statesman and diplomat.

Dr. Franklin will be interpreted by Barry Stevens who has been reenacting the many facets of Dr. Franklin for over ten years. Through years of constant study and travel he has come to understand a most complex man and to make him come alive for audiences of all ages. We invite you to engage Dr. Franklin in conversation and learn his views of the world in eighteenth century America. And please wear colonial era clothing if you have it.

The Sons of the American Revolution welcome Dr. Benjamin Franklin to their annual President’s Day Community Dinner on February 18, beginning at 6 pm and the public is invited to attend. The dinner will be held at the Hilton Charlotte Executive Park Hotel, 5624 Westpark Drive, in South Charlotte, starting at 6 pm. Reflections from the Chair

“In the blink of an eye…..” history changes—my history, in particular, recently. I was lying, face down on the newly waxed linoleum floor at the Charlotte airport. Larry and I had just breezed through security and we were walking to our gate. My hiking boots’ rubber soles quickly ‘stuck’ to the floor and my body continued forward, face to the floor. I tried getting up and fell back down, hitting my front teeth, nose, and forehead again. My arms did not support me. I knew my right wrist was broken for sure. Forever it seemed, I was looking and breathing floor before paramedics came and carefully rolled me over.

There was no trip to St. Francisville, Louisiana; no looking at historic plantation homes, kitchen cabins, slave quarters; no gardening conference for me. There was no going back. I had to assess the new reality/history and deal with it.

The new situation was that I had broken the left elbow, the right wrist, and the right shoulder! In dealing with this, first I had to accept my situation. I got through it by having someone feed me; having 2 people get me out of bed and to the bathroom; doing intense leg and abdominal exercises to strengthen me so I could get out of bed and then a chair without using arms!

But I could not get out of that chair! Soon, I realized that if the bed or chair was high enough—at least 21-22” from the floor—I could do it without my arms. I had Larry bring in one of our patio chairs that had a thick sturdy pad, placed my 3” wheelchair pad on top of that, and I was at 22” and out of that chair without using my arms. Huzzah!

At 3 weeks, my left elbow had healed enough to use it with some weight. With my left hand I could now feed myself; dress myself [even socks]; wash up; and get out of chairs more easily. In the next few weeks, I was increasingly inventive in dealing with my situation. Really, think about it—history has all of these elements I had learned through this episode in my life. It happens. There is no going back. You deal with it, accepting it or not, you must go forward. You become creative and inventive. You survive. You live. It is history.

So, in conclusion, I want to thank you all for your kind thoughts, cards, and prayers. I want to especially thank Janet Dyer, my co-chair, and my board for taking over for me; Alice Bostic for her visits and talking history with me [I have several ideas for docent programs from these discussions]; and to my Larry who came every night to help me get ready for bed, no matter how tired he was or whether he had supper or not. Yes, I am looking forward to the new year!

The Foothills Frontiersman

In the two decades prior to the American Revolution, the land “west of the Catawba” was the Carolina frontier. A backwoodsman hunting or exploring in this region travelled through a land of forests and savannas full of wild
game with few settlements and the ever present threat of hostile encounters with the Cherokee Indians. Steve Watts of the Schiele Museum will discuss and demonstrate the clothes, food, tools, weapons and other gear of these frontiersmen.

Prehistorian Steve Watts directs the Aboriginal Studies and Traditional Outdoors Skills Programs at the Schiele Museum of Natural History in Gastonia. He researches, teaches and demonstrates these skills across the US and internationally. He consulted on the movie *Cast Away* and has appeared in a number of programs on The History Channel. His replicas of prehistoric tools and weapons are featured in museums throughout the US.

*Stories From the Underground Railroad*

Road Scholar Meltonia Young will present the program that explores the history of African slavery from the capture of people in Africa to their journeys to freedom. They were helped along those journeys by abolitionists in both the North and the South. We’ll also hear about the art and quilt patterns associated with the Underground Railroad.

Meltonia Young, born in 1954, was raised in Jacksonville, Florida during a time when her family did not like talking about the history of African Americans. She has traveled to parts of Africa, and has studied plantation life from Virginia to Jamaica. She has a BA in African American studies and an MA in Liberal Arts with a concentration in African and African American history from UNC-Greensboro. As an artist she uses color and form to bring African American history into focus.

Ms. Young is now writing *The Journey South to Freedom*, the story of runaway slaves from South Carolina, Georgia, and Alabama traveling south to Florida to be free over one hundred years before the Underground Railroad began in the North.

This presentation is made possible through funding from the North Carolina Humanities Council. The North Carolina Humanities Council is a nonprofit foundation and a state affiliate of the National Endowment for the Humanities.

**MHA Dinner Meeting**

The next MHA dinner will be on Monday, March 14. Our speaker will be Judge Chase Saunders speaking on the growth and future of Charlotte business. Details will be in the next issue of the Dandelion and in the MHA newsletter in February.

**Docent Board Retreat**

The MHA Docent Board will hold its annual retreat on Monday and Tuesday, January 11th and 12th. If you have a committee report or anything else to present to the board please contact Janet Dyer. She’ll convey your report or concern to the board, or put you on the agenda to appear in person. Give any budget requests to Valerie Jones.
Weather Cancelation Policy

The MHA Docents will follow CMS decisions on cancelling meetings due to inclement weather. If schools are closed due to weather, our meeting will not be held. If the schools are on a two hour delay we WILL meet as usual. School buses begin to roll about 6 am; therefore roads should be clear by our meeting time. If schools are open, and the church is closed, you will be notified by email or telephone. On days when the weather is iffy, watch the news reports and check email.

Hospitality

After nine years of perfect service, Nell Coward has decided to resign as Hospitality chairman. Thank you, Nell for the many, many hours you have contributed to us. The board is looking for a new hospitality chairman; if you would like to volunteer contact Janet Dyer. Meanwhile board members are pitching in to fill the gap; bear with us (or lend a hand) as we work the bugs out.

A New Book

I am very pleased to announce the publication of my novel, *The Uncommon Bond of Julia and Rose*. The book tells the story of an unusually close relationship between Julia and her slave Rose. It takes place during the first half of the 19th century on a piedmont farm that grew into a plantation. I was intrigued by a phrase in the 1808 will of Annabella Morrison: “...and concerning my said old faithful servant Rose, my will is that she shall not be sold (like a brute beast) but shall be kept by my three said daughters in as easy circumstances as the nature of slavery will admit...” I knew there was a story there that I wanted to tell, but not Annabella’s mostly 18th century tale. In order to explore the complex, multi-faceted institution of slavery, I needed to move ahead in time.

My book begins in 1860 when Julia Henderson decided to keep a memory journal preserving the events of her life for her children and grandchildren. Rose also began a journal; as a child she had learned to write in Julia’s “play school.” The novel unfolds in the form of Julia and Rose’s interwoven journals, relating their half century of shared experiences, nuanced differently by each writer. Julia adores Rose and has no use for slavery, yet she is unaware of her own biases. Rose returns her affection with reservations. Only Rose can tell how demeaning it is to have no autonomy and how family separations are like deaths. They write of their childhood, marriages, raising children, and burying loved ones, all against a background of increasing fears and rumors of impending war.

The story may be fiction, but the historical background is very real. I’ve drawn from decades of research, reading, and interpretation at antebellum historic sites. Of special importance are the letters, journals, and other papers written by those who lived at those and similar places. And I am indebted to those of you who have shared your research; without you there would be no story.

On Saturday, February 6, I will do a book talk and signing at 2 pm at Park Road Books.

Books can also be purchased directly from me and I will bring copies to MHA Docent meetings and other history venues. They will be available at some historic sites, on Amazon and at Park Road Books. The book costs $15; I hope many of your will enjoy the read. Go to the Amazon site and click on “look inside” to read the first few pages.

History Lecture Series

Beyond the Wagon Road

In February the MHA Docents will hold their biennial series of history lectures. Audrey Mellichamp and Janet Dyer have arranged a fine lineup of topics and presenters; see the flyer and registration slip on page 6 for details. In the past this series has been popular with both longtime residents and especially with newcomers in our area. It is one of the ways we carry out our mission of presenting regional history to the community. Registration is now under way, and you must send your check and registration form by January 31st to reserve your space. Do include your email address and phone number so we can contact you if there is a last minute cancellation due to weather, as has happened in the past. If bad weather threatens, check your email before leaving home. Those without email will be called. All three lectures will be held at the Levine Museum of the New South, and the museum invites all attendees to tour the museum after any of the lectures at no additional charge. You may park for free at the 7th Street Station garage; the museum will validate your parking ticket. Saturday validations are good for the entire day.

Please share this information with anyone else who might be interested.

In Memoriam

MHA Docent Camille Smith passed away on October 30, 2015. Camille became a docent in the late 1990s and was especially active at Historic Rosedale. She loved the site and sharing its history. She later became a Rosedale employee. Camille was blessed with exceptional intelligence and an enthusiasm for learning, both traits of a perfect docent. Her other passions were hiking and travel; she enjoyed both in England during her last healthy years. She was editor of the MHA Dandelion for several years until she turned the job over to Jim and me in 2006. It was Camille's idea to offer this newsletter by email to anyone who was interested. I think there were about 100 email subscribers when we got the job, now the number over 1,200. She would be proud.

It was about 2006 when Camille began to have memory problems, something she found extremely troubling. Testing revealed that she had early onset Alzheimer's disease. Gradually she had to give up her job at Rosedale, her outdoor activities, and then her home. For someone as bright as Camille losing her brain power must have been as frustrating as it would be for a champion athlete to lose the ability to walk. Camille is survived by her son, his wife, two grandchildren, her brother, and nieces and nephews. She will be deeply missed.

A Successful Event at Historic Latta Plantation.

On Black Friday and Small Business Saturday (the two days following Thanksgiving), Latta held their annual two-day holiday event. Each year the holiday event varies in theme; last year the event focused on the Colonial era and was entitled A Colonial Christmas. In years past the themes have included A Backcountry Christmas and A Victorian Christmas. This year the theme was One Hundred Years of Christmas, covering all eras; Colonial, Regency, and Victorian.

Thanks to beautiful weather and unseasonably warm temperatures, Latta was able to set a new record for site visitors. In the course of the two day event, we brought in nearly 1,700 spectators, versus 900 at past events. With such great success, Latta's staff hopes to keep the momentum going for the upcoming 2016 season of events, with fingers crossed for beautiful event day weather!
